A screenshot of the RIUNET researcher profile page for Vicente Juan Botti Navarro. The page displays his personal file, mailing address, and various identifiers. It also shows his affiliation with the School of Informatics at the University of Valencia. Under the 'Teaching' section, it lists subjects and tutorials, books, and publications in conferences. In the 'Research' section, it shows awards, books, journal articles, projects, chapters, theses, and agreements. The bottom of the page includes links for getting here, campus map, contact information, and accreditation logos.

# 10 YEARS OF INSTITUTIONAL REPOSITORY RIUNET: COLLECTIONS

## annual growth

\* data up to 30 September 2018

# RiuNet today

## Welcome to RiuNet

RiuNet is the institutional repository of the Politecnical University of Valencia - UPV, managed by the Library, whose objective is to offer Internet access for university's scientific, academic and corporate university in order to increase their visibility and make it accessible and preservable. RiuNet reflects the commitment of the University within the framework of the [Initiative for the Budapest Open Access](#) from joining the [Berlin Declaration](#) and [Institutional Policy on Open Access](#).

RiuNet is intended to save the University community's production, personal or institutional, in collections. These can be made up of different types of documents such as Objects of learning (Polimedia, virtual labs and educational articles), theses, journal articles, maps, scholarly works, creative works, institutional heritage, multimedia, teaching material, institutional production, electronic journals and conference proceedings.

For any request contact with [PoliSolicita RiuNet](#).

# Improving the CRIS to increase Open Access

- Monitoring of APCs
  - Have you paid for an APC?
  - How much did it cost?

- Normalization of funders
- Communication flow with authors

- Some bug in funders of projects
- Loading in CRIS by librarians (not only by researchers)
- Not only articles, also conferences, congress... in API CRIS - RiuNet
